

ELEKTRONCEK d.d. & INTERBLOCK[™]

COMPANY PROFILE

March 3, 2009

Elektroncek d.d. is a manufacturer of multiplayer gaming machines: roulettes, card (blackjack), dice (fish-shrimp-crab, craps), bubbles (keno, bingo) and video games, sold under the Interblock trademark.

Elektroncek brings inspiring electromechanical and electronic gaming solutions into casinos, arcades and gambling lounges worldwide through its strong global network of:

- Interblock offices in USA, Asia Pacific and Canada;
- Aristocrat Leisure Limited offices; and
- Distributors: Bonver, Dosniha and Elam Group.

Interblock is a worldwide recognised trademark of multiplayer gaming machines developed and manufactured by Elektroncek d.d. Electromechanical and electronic gaming solutions by Interblock guarantee casinos, arcades and gambling lounges worldwide superior product performance and their guests a gaming experience to be remembered!

The 4th generation of gaming machines stands out and includes **G4 Organic** Card Blackjack – the first electromechanical gaming device enabling a genuine game experience with real cards. **G4 Organic** exceeds the development of electronic gaming machines, and is made with great enthusiasm and care for detail. It combines the vision of the future and technological apex of the present.
